transatel DataSIM

Welcome! We are happy to have you as a new customer!

⚙ Getting started

Your SIM card is already in your 4G hotspot and is ready to use! Once arrived at your travel destination, you can access the internet by following these steps:

1 Take the back cover off. **Put the battery** in the device.

2 **Press and hold the** ⏻ **button** until the indicator lights up, signifying that the Wi-Fi hotspot is turned on.

3 **Connect your laptop/tablet/phone with Wi-Fi hotspot:**
  ▸ Switch the Wi-Fi "ON".
  ▸ Select the Transatel network.

4 **Enter the password shown on the screen** of your Wi-Fi hotspot.

5 **Create your account to check your balance and recharge your SIM card.** Use your hotspot's Wi-Fi network:
  ▸ Open your My DataSIM app and fill in your information.
  ▸ Or simply go to: https://tds-selfcare.com
